Art. 1

A company with limited liability and unlimited duration under the name of

**Burckhardt Compression Holding AG
Burckhardt Compression Holding SA
Burckhardt Compression Holding Ltd.**

with Head Office in Winterthur, Canton of Zurich, Switzerland, is subject to the present bylaws and provisions of the Heading 26 of the Swiss Federal Code of Obligationenrechts (OR).

II. OBJECT OF THE COMPANY

Art. 2

The company may purchase, manage and sell participations, particularly in technological companies and any other assets in Switzerland and abroad.

The company may set up branches, found or participate in companies and enterprises, as well as conduct activities and conclude agreements or contracts related to the object of the company.

III. SHARE CAPITAL AND SHARES

Art. 3

The share capital totals CHF 8,500,000.— (eight million five hundred thousand Swiss francs) and is divided into 3,400,000 registered shares with a nominal value of CHF 2.50. The shares are fully paid up.

Upon amendment of the Articles of the bylaws, the General Meeting may in the form of future resolutions convert registered shares into bearer shares or vice versa. A corresponding amendment of the Articles of the bylaws requires at least two thirds of the shares represented (Art. 11 Para. 1 of these bylaws).

In the event of a potential future increase in share capital, all new shares have to be offered to the old shareholders in relation to the number of shares they hold, unless otherwise decided by the General Meeting.

Art. 3a

The Board of Directors is authorized to increase the share capital anytime on or before July 2, 2015 in the maximum amount of CHF 1'275'000 by issuing up to 510'000 fully paid in registered shares with a nominal value of CHF 2.50 per share. The date of the issuance, the issue price, the beginning of the dividend rights and any contributions in kind or planned acquisitions to be financed by a capital increase are to be defined by the Board of Directors. The Board of Directors is entitled to conduct more than one capital increase. The transferability of the shares shall be subject to the registration requirements set forth in the Bylaws.

The Board of Directors is entitled to revoke the right to subscribe for new shares and to transfer such subscription rights to third parties (i) in case of an acquisition of a company through a share swap or (ii) in order to finance the acquisition of companies or of parts thereof. Furthermore, the Board of Directors is entitled to revoke the right to subscribe for new shares if such new shares are to be publicly placed in the market. Shares which have not been subscribed for by existing shareholder will be allocated by the Board of Directors at its free discretion.

Art. 4

The registered shares are issued as book-entry securities. Any shareholder may at any time request the issuance of a confirmation stating the registered shares held by him. The shareholders are not entitled to request printing, issuance and delivering of documents.

The shares are deposited as intermediated securities. The company may withdraw the shares deposited as intermediated securities from the depositing system. The transfer of the registered shares which are deposited as intermediated securities shall comply with the provisions of the Bucheffektengesetz (Federal Intermediated Securities Act). The company may switch for the shares deposited as intermediated securities from one form to another at any time (security/multiple share document/book-entry security).

Art. 5

The company keeps a Share Register with the names, addresses and nationality (the head office in case of legal entities) of the owners, beneficiaries and nominees of the registered shares.

Only persons listed in the Share Register are recognized as shareholders, beneficiaries or nominees by the company.

The shares are indivisible, and the company recognizes only one owner, beneficiary or representative per share. Property of a share includes recognition of the company's bylaws.

Entry in the Share Register presupposes an attestation of the duly effected transfer. Moreover, the company may decline entry as shareholder with voting right if the purchaser does not expressly certify that he/she acquires the shares in his/her own name and for his/her own account.

The Board of Directors is authorized to cancel entries in the Share Register retrospective to the entry date if realized through erroneous information. It can previously hear the shareholder, beneficiary or nominee concerned. In any case, the shareholder, beneficiary or nominee concerned is to be informed at once about the cancellation.

The Board of Directors maintains a register containing the book-entry securities issued by the company, in which the number and denomination of the issued book-entry securities as well as the shareholders are recorded. The Board of Directors shall also assign responsibility for maintaining the register of book-entry securities.

Art. 6

No person will be registered in the Share Register as shareholder with voting rights with respect to more than five percent of the issued share capital. This entry restriction is also applicable to persons whose shares are totally or partially held by Nominees. This restriction is also valid if shares are purchased when practicing subscription, warrant and conversion rights, with the exception of shares acquired by succession, distribution of inheritance or matrimonial regime (Art. 685 d Para. 3 OR).

Legal entities and partnerships associated with each other by uniformly managed capital or votes or in any other way, as well as private and legal entities or partnerships, which form an association to evade the entry restriction, are regarded as one person.

Individual persons, which have not expressly declared in the application of entry that they hold the shares for their own account (Nominees), will be entered in the Share Register with voting right, if the Nominee concerned establishes his subordination to an accredited banking supervision and securities authority, and if he/she has concluded an agreement with the Board of Directors of the company concerning his/her position. Nominees holding two or less than two percent of the issued shares will be entered in the Share Register with voting right without an agreement with the Board of Directors. Nominees holding more than two percent of the issued shares will be entered in the Share Register with two percent voting right and, for the remaining shares, without voting right. Above this limit of two percent, the Board of Directors may enter in the Share Register Nominees with voting right if they disclose the names, addresses, nationality, and share holdings of the persons for whom they hold more than two percent of the issued shares.

The Board of Directors shall pass the necessary resolutions in order to comply with the provisions according to Art. 5 and Art. 6. It is entitled to approve exceptions from the statutory conditions for registration with respect to special circumstances.

The administrative bodies of the company are:

- A. The General Meeting of the shareholders;
- B. The Board of Directors;

Extraordinary General Meetings are convened whenever required, particularly in those cases foreseen by law. Shareholders representing jointly at least ten percent of the share capital and stating the purpose and proposed items on the agenda may convene at any given time such a meeting by written request. The General Meetings can be convened by the Board of Directors or, if necessary, by the Auditors or a Liquidator.

Invitation is sent at least 20 days prior to the date of the meeting as specified in Art. 24 of the bylaws. The invitation to the meeting should state the items on the agenda as well as the petitions of the Board of Directors and shareholders requesting a General Meeting or discussion of an item.

No resolutions can be passed on unduly submitted items on the agenda, except for a petition requesting an extraordinary General Meeting or an extraordinary audit.

less diverging provisions are established by law or the bylaws. – Particularly the provisions under Art. 11 of the bylaws are reserved.

In the event of a tie in the first election, a second ballot is cast requiring a relative majority.

Votes and elections are open as a rule. Written votes and elections are conducted by order of the Chairman or if requested by the majority of the shares represented. The Chairman may also conduct votes and elections electronically. Electronic votes and elections are equivalent to the written procedure.

The Chairman may repeat an open election or vote in writing or electronically if he/she considers the voting results questionable. In this case, the preceding open election or vote is regarded as null and void.

In the event of a tie in the first election and if more than one candidate stands for election, the Chairman orders a second ballot to be cast requiring the relative majority.

In the event the General Meeting does not unanimously renounce, the annual balance sheet and resolution on use of the net profits may only be approved in the presence of a representative of the Auditors.

Art. 11

The approval of at least two thirds of the share votes represented is required for modifications of the Articles of the bylaws at the General Meeting. Resolutions concerning share capital increases are passed, however, with the absolute majority of share votes represented.

Dissolution or merging of the company requires the presence or representation of at least half of the issued shares and the approval of at least two thirds of the present or represented share votes on the petition submitted.

All the shares held by one shareholder may be represented only by one person.

No individual shareholder may have directly or indirectly through own or represented shares more than five percent of all share votes of the company at the General Meeting. Private or legal entities associated with each other through capital or votes or uniformly managed are regarded as one person and as one shareholder respectively. Exempted from this voting right restriction are the voting rights exercised by the company representative, the independent representative with voting right or one proxy holder of deposit shares. Furthermore, shareholder groups whose merger dates before June 23, 2006 are also exempted from this voting right restriction.

The Board of Directors issues the procedural provisions on participation and representation at the General Meeting.

Persons who have in any form taken part in the management of the company have no voting rights regarding resolutions on the discharge of the Board of Directors.

Art. 13

The Chairman of the Board of Directors presides over the General Meeting or, in his/her absence, another member of the Board of Directors. If necessary, the General Meeting designates the Chairman.

The Board of Directors may pass resolutions if and as long as at least the majority of its members are present. Resolutions are passed with the majority of member votes represented. Each member is entitled to one vote. The Chairman has the casting vote.

Resolutions of the Board of Directors may also be passed by circular note, provided a member does not request oral deliberation. A circular resolution is passed if all the members of the Board of Directors have agreed to it in writing. Regarding questions of priority, the circular resolution may also be sent telegraphically (including telex, fax or e-mail).
