

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS OF
INTERCONTINENTALEXCHANGE, INC.**

I. PURPOSE

The Audit Committee (the “Committee”) of the Board of Directors of IntercontinentalExchange, Inc. (the “Company”) shall assist the Board of Directors (the “Board”) in fulfilling its oversight responsibilities with respect to: (i) the quality and integrity of the financial statements of the Company and the financial reports and other financial information provided by the Company to the public or any governmental body; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the Company’s systems of internal controls regarding finance, accounting and legal compliance; (iv) the qualifications and independence of the Company’s independent auditors; (v) the performance of the Company’s internal audit function and independent auditors; (vi) the Company’s auditing, accounting, and financial reporting processes generally; and (vii) the performance of such other functions as the Board may assign from time to time. To this end, the Committee will maintain free and open communication with the Board, the independent auditors, the Company’s internal auditor, legal counsel and any other person responsible for the financial management of the Company. The Committee will also prepare the report of the Committee required by the rules of the Securities and Exchange Commission and the New York Stock Exchange (“NYSE”) to be filed in the Company’s annual proxy statement. Consistent with its functions, the Committee will encourage continuous improvement of, and will foster adherence to, the Company’s policies, procedures and practices at all levels.

The Committee will primarily fulfill its responsibilities by carrying out the activities enumerated in Section V of this Charter.

The Committee’s responsibility is one of oversight. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and other personnel of the Company and the authority to engage independent counsel and other advisors as it determines necessary to carry out its duties and responsibilities. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles (“GAAP”). Management is responsible for the preparation, presentation, and integrity of the Company’s financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The Company’s independent auditors are responsible for auditing the Company’s financial statements and for reviewing the Company’s unaudited interim financial statements.

The Committee does not provide any expert or other special assurance as to such financial statements or any expert or any professional certification as to the work of the

Company's independent auditors. It is not the responsibility of the Committee to resolve disagreements, if any, between management and the Company's independent auditors. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing, including in respect of auditor independence. As such, each member of the Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from whom he or she receives information, (ii) the accuracy of the financial statements and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board), and (iii) any representations made by management or the Company's independent auditors as to any non-audit services provided by the independent auditors to the Company.

II. COMPOSITION AND ORGANIZATION

The Committee will consist of at least three directors, or such greater number determined by the Board, each of whom must be an "Independent Director" (as defined below). Members of the Committee shall be appointed by the Board and, unless otherwise directed by the Board, shall serve one-year terms. Members may be removed by the Board at any time with or without cause. Membership on the Committee shall automatically end at such time as a member ceases to be a member of the Board. Upon the removal or resignation of a member, the Board may appoint a successor to serve the remainder of the unexpired term. One member of the Committee will be appointed chairperson by the Board. If the Board fails to appoint the Committee's chairperson, the Committee will appoint one member of the Committee as chairperson. The Committee shall have the power to create subcommittees with such powers within its areas of responsibility as the Committee shall from time to time confer.

For purposes of this Charter, the term "Independent Director" means: a person other than an officer of the Company or its subsidiaries or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a member of the Committee or a director. The following persons shall not be considered independent:

- ◆ a director who is, or at any time during the past three years was, employed by the Company, or who has an Immediate Family Member (as defined below) who is, or at any time during the past three years was, an executive officer of the Company (although employment as an interim Chairman or CEO or other executive officer does not disqualify a director from being independent);
- ◆ a director who received or who has an Immediate Family Member who received in excess of \$100,000 in direct compensation from the Company, during any period of 12 consecutive months within the three years preceding the determination of independence, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- ◆ a director who is, or who as an Immediate Family Member who is, a current partner of a firm that is the Company's internal or external auditor;

- ◆ a director who is a current employee of a firm that is the Company's internal or external auditor;
- ◆ a director who has an Immediate Family Member who is a current employee of a firm that is the Company's internal or external auditor and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice;
- ◆ a director who was, or who has an Immediate Family Member who was, within the last three years (but no longer) a partner or employee of a firm that was the Company's internal or external auditor and who personally worked on the Company's audit within that time;
- ◆ a director who is, or who has an Immediate Family Member who is, employed as an executive officer of another entity where at any time during the past three years any of the Company's present executive officers at the same time serves or served on the compensation committee of such other entity; or
- ◆ a director who is a current employee, or who has an Immediate Family Member who is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues (contribution to charitable organizations shall not be considered "payments" for purposes of this test, as long as disclosures are made for charitable contributions exceeding the foregoing amounts).

Additionally, the following enhanced "Independent Director" requirements apply to members of the Audit Committee. Each member of the Audit Committee must meet the following requirements:

- ◆ The member does not accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the Company or any subsidiary of the Company (which shall include compensation paid by the Company to a consulting firm, investment bank, financial advisory firm, accounting firm, or law firm with which a director serves as an executive officer, partner, or similar position, but which shall not include fixed amounts of compensation under a retirement plan for prior service or fees related to service on the board or a committee thereof); and
- ◆ The member is not an affiliated person of the Company or any subsidiary of the Company.

A person shall be deemed "affiliated" with the Company if such person, directly or indirectly, controls, or is controlled by, or is under common control with, the Company. A person shall not be deemed to be in "control" of the Company if such person is not the beneficial owner, directly or indirectly, of more than 10% of any class of voting equity securities of the Company and such person is not an executive officer of the Company.

For purposes of this Charter, “Immediate Family Member” includes a person’s spouse, parents, children, siblings, mothers- and fathers-in law, sons- and daughters-in law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such person’s home. The above criteria for director independence may be revised from time to time to conform to the requirements of New York Stock Exchange and requirements promulgated by the Securities and Exchange Commission.

III. QUALIFICATIONS

Each member of the Committee must be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement and cash flow statement. Additionally, the chairperson of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual’s financial sophistication, including being able to meet the requirements of a “financial expert” as that term is defined by the Securities and Exchange Commission and as required by the Sarbanes-Oxley Act of 2002, which are as follows:

- ◆ Has an understanding of GAAP and financial statements
- ◆ Has the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves
- ◆ Has experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company’s financial statements, or experience actively supervising one or more persons engaged in such activities
- ◆ Has an understanding of internal controls and procedures for financial reporting; and
- ◆ Has an understanding of audit committee functions.

No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Nominating and Governance Committee and the Board determine that such simultaneous service would not impair the ability of such director to effectively serve on the Committee and such determination is disclosed in the Company’s annual proxy statement.

As part of its job to foster open communication, the Committee will meet at least quarterly with management (including the Chief Financial Officer, corporate controller, chief legal counsel and others, as appropriate), the internal auditor and the independent auditors in separate executive sessions to discuss any matters that the Committee or any of these groups
