Purpose

The purpose of the Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of ONEOK, Inc. Independent Audit

- Appointment, compensation, retention and oversight of the independent auditor engaged (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of auditing the books, records and accounts of the Company and issuing an audit report or related work or performing other audit, review or attestation services for the Company. The independent auditor shall report directly to the Committee.

The Committee may delegate to one or more Committee members the authority to pre-approve such non-audit services between regularly scheduled meetings, provided that such approvals are reported to the full Committee at the next Committee meeting.
- Review and evaluate the performance of the independent auditor and, if necessary, replace the independent auditor. Obtain and review written periodic reports at least

- annually from the independent auditor describing (a) the auditing firm's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities (including the Public Company Accounting Oversight Board), within the preceding five years, respecting one or more independent audits carried out by the firm, and (c) any steps taken to deal with such issues.
- Review and evaluate the independence of the independent auditor. Obtain and review written periodic reports at least annually from the independent auditor delineating all relationships between the independent auditor and the Company. These reports shall be consistent with the requirements of the Independence Standards Board regarding the auditor's independence. Evaluations should include the review and evaluation of the lead partner of the independent auditor and should take into account the opinions of management and the Company's internal auditors. In addition to assuring the regular rotation of the lead audit partner as required by law, the Committee should consider whether, in order to assure continuing auditor independence, there should be regular rotation of the audit firm itself. The Committee shall present its conclusions with respect to the independent auditor to the Board. The Committee shall actively engage in dialogue with the independent auditor with respect to any known relationships or services that may impact the objectivity and independence of the auditor, and if necessary, take appropriate action to insure that the Company has an auditor that is independent in fact.
 - Meet with the independent auditor to review the planning of the annual audit including scope, staffing, locations, reliance on management and participation, internal audit services and general audit approach.
 - Review with the independent auditor any problems or difficulties the auditor may have encountered, any management letter provided by the auditor and the Company's response to that letter, and resolve any disputes between management and the independent auditor.
