**Charters of the Committees of the Board of Directors**  
Audit Committee

1. Purpose

The Audit Committee's purpose is (a) to assist the Board of Directors in fulfilling its responsibility to oversee (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors, and (b) to prepare the Audit Committee report that is required by the rules of the SEC to be included in the Company's annual proxy statement. In fulfilling its purpose, the Committee should foster free and open communications among the directors, the independent auditors, the internal auditors and the financial and senior management of the Company.

The Company's independent auditors are ultimately accountable to the Board of Directors and the Audit Committee, and the Audit Committee has the ultimate authority and responsibility to select, retain, compensate and terminate the Company's independent auditors.

2. Composition

The Audit Committee shall consist of at least three directors, each of whom is independent, within the meaning of the listing standards of the New York Stock Exchange, Section 10A(m)(3) of the Securities Exchange Act of 1934 and the Rules promulgated by the Securities and Exchange Commission. In addition, no member of the Committee may simultaneously serve on the audit committees of more than two other public companies unless the Board of Directors determines that such service would not impair the ability of such director to effectively serve on the Audit Committee and discloses such determination in the Company's annual proxy statement. All members of the Committee shall be financially literate, as such qualification is interpreted by the Board of Directors in its business judgment, or must become financially literate within a reasonable time after their appointment to the Committee. To the extent possible, at least one member of the Committee shall be an "audit committee financial expert" as such term is defined by the SEC and determined in the good faith judgment of the Board of Directors.

The Board of Directors shall appoint members of the Audit Committee and its Chairman annually, considering the recommendation of the Nominating/Corporate Governance Committee, and further considering the views of the Chairman of the Board and Chief Executive Officer, as appropriate. The members of the Audit Committee shall serve until their successors are appointed and qualify. The Board of Directors shall have the power at any time to change the membership of the Audit Committee and to fill vacancies in the Committee with new member(s) that satisfy the requirements set forth in the preceding paragraph.

3. Resources and Authority of the Audit Committee

The Audit Committee shall have the financial resources and authority necessary to carry out its duties and responsibilities, including the authority to select, retain, terminate and approve the fees and other retention terms of special or independent counsel, accountants or other advisors it deems appropriate, without seeking the approval of the Board of Directors or management.

4. Compensation of Audit Committee Members

No member of the Audit Committee may receive any compensation from the Company other than (i) director's fees, including committee member and committee chair fees, if any (in the form of cash, Company stock, stock options or other in-kind consideration ordinarily available to directors), (ii) a pension or other form of deferred compensation from the Company for prior service that is not contingent in any way on future service and (iii) any other regular benefits that other directors receive.

## 5. Responsibilities

The Committee will meet at least four times each year or more frequently as circumstances require. In connection with fostering open communication among groups providing accounting, auditing and financial reporting services for the Company, the Committee will meet periodically with the independent auditors, the internal auditor and financial and senior management in separate sessions to discuss any matter that the Committee or any of these groups believes should be discussed privately. The Committee will also be responsible for setting clear hiring policies for employees or former employees of the independent auditors and for establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Committee's specific responsibilities in performing its oversight role are set forth in the Audit Committee Responsibilities Checklist that is attached as an addendum to this Charter. The responsibilities checklist will be updated periodically to reflect changes in regulatory requirements, authoritative guidance and evolving oversight practices.

## 6. Limitation of Audit Committee's Role

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. Management is responsible for the preparation, presentation and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.
