## **Nominating, Governance and Compensation Committee Charter**

### **Purpose**

The Board of Directors (the “Board”) of Dril-Quip, Inc., a Delaware corporation (the “Company”), has adopted this Charter of the Nominating, Governance and Compensation Committee (the “Committee”) as of the date stated below. The Committee is appointed by the Board to assist the Board in fulfilling its responsibilities with respect to corporate governance, nomination of directors and executive compensation.

In fulfilling its corporate governance and nominating role, the Committee shall identify and recommend individuals qualified to become Board members, consistent with criteria approved by the Board, and shall assist the Board in determining the composition of the Board and its committees, in monitoring a process to assess Board and committee effectiveness and in developing and implementing the Company’s corporate governance guidelines, practices and procedures.

In fulfilling its compensation role, the Committee shall assist the Board in establishing the compensation of the directors and executive officers of the Company in a manner consistent with the stated compensation strategy of the Company, internal equity considerations, competitive practice and the requirements of applicable law and regulations and rules of applicable regulatory bodies.

### **Responsibilities**

The principal responsibilities of the Committee are as follows:

- Identify individuals qualified to become Board members, consistent with criteria approved by the Board. In evaluating the suitability of potential directors, the Committee should consider any factors it deems relevant, including the candidate’s general understanding of marketing, finance or other elements relevant to the success of a publicly traded company in the current business environment, understanding of the Company’s business on an operational level, integrity, education and professional background and willingness to devote time to Board duties. In addition, the Committee shall evaluate each individual in the context of the Board as a whole, with the objective of recommending individuals that can best perpetuate the success of the Company’s business and represent stockholder interests through the exercise of sound business judgment using their diversity of experience in these various areas. The Committee also shall consider and evaluate director nominees proposed by stockholders.
- Recommend to the Board a slate of director nominees for election at the next annual meeting of stockholders or for appointment to fill vacancies on the Board.
- Perform an annual performance evaluation and assessment of the effectiveness of the Committee and report its findings to the Board.

- Maintain a set of corporate governance guidelines and periodically review and assess the adequacy of the Company's corporate governance policies, practices and procedures, and recommend any proposed changes to the Board for approval.
- Develop and make recommendations to the Board regarding plans for chief executive officer succession, including plans for interim succession for the chief executive officer in the event of an unexpected occurrence.
- Oversee the Board's annual evaluation of the performance of the Board, its committees and individual directors. In conducting its evaluation, the Committee shall solicit comments from the directors, shall consider the evaluation reports from other Board committees and may employ such other means as it may deem appropriate in conducting the assessment, including the employment of outside consultants and advisors. The Committee shall report its findings and recommendations to the full Board and may recommend that any member of the Board who receives unfavorable performance reviews from at least a majority of the other members or any committee on which he or she serves resign from the Board or such committee, as the case may be, or that any such member be removed or reassigned by the Board from any such committee.
- Recommend to the full Board committee assignments for directors as openings occur on committees, or as rotations of committee assignments are deemed advisable, including recommendations of committee chairmen. The Committee shall recommend committee assignments in accordance with the membership requirements specified in the charter of each committee, and with due consideration of each committee's annual assessment of its composition, performance and effectiveness.
- Review and approve corporate goals and objectives relevant to chief executive officer compensation; evaluate the chief executive officer or officers' performance in light of those goals and objectives; and either as a committee or together with other independent directors (as directed by the Board), determine and approve the chief executive officer or officers' compensation based on that evaluation, including administering, negotiating any changes to and determining amounts due under the employment agreements of the chief executive officers. In determining the long-term incentive component of the compensation of the chief executive officers, the Committee should consider the Company's performance and relative shareholder return, the value of similar incentive awards to chief executive officers at comparable companies, the awards made to the chief executive officers in past years and such other factors that the Committee deems relevant.
- Review and approve, or make recommendations to the Board with respect to, the compensation of other executive officers, and oversee the periodic assessment of the performance of such officers.

- From time to time consider and take action on the establishment of and changes to incentive compensation plans, equity-based compensation plans and other benefit plans, including making recommendations to the Board on plans, goals or amendments to be submitted for action by the Company's stockholders.
- Administer the Company's compensation plans that it is assigned responsibility to administer, including authorizing the issuance of the Company's common stock and taking other action on grants and awards, determinations with respect to achievement of performance goals, and other matters provided in the respective plans.
- Review from time to time when and as the Committee deems appropriate the compensation and benefits of non-employee directors, including compensation pursuant to equity-based plans, and approve, or make recommendations to the Board with respect to, any changes in such compensation and benefits.
- Prepare and approve a compensation committee report on executive compensation as required by the Securities and Exchange Commission to be included in the Company's proxy statement for the annual meeting of stockholders (or in the Company's Annual Report on Form 10-K if required to be included therein).
- Review and approve any equity-based plans and awards that are not subject to stockholder approval pursuant to applicable law, rules and regulations.
- Fulfill such other duties and responsibilities as are consistent with the purposes of the Committee enumerated in this Charter or as may be delegated by the Board from time to time.
