

## **Technology Committee Charter**

The Technology Committee advises the Schlumberger Board of Directors, the Chief Executive Officer, and senior management on the following company activities:

- Research and development: strategy and priorities
- The quality and relevance of programs dealing with:
  - Scientific research
  - Development
  - Information and manufacturing technology
  - Systems integration
  - University relationships.

The Committee will also recommend changes as necessary and policies to attract, retain, and encourage growth of technical personnel.

The Committee will generally meet twice a year and may appoint outside technical experts as advisors for access to the most advanced thinking in the international technical community.
